# PERIODICALS

## Needed to Complete the Files of the Army Medical Library

Since this Library has been unable to secure the following missing numbers of journals through ordinary channels they are listed here in the hope that other libraries or individuals may have extra copies which they will donate or offer in exchange for duplicates of other journals from the Library.

Please notify the Acquisition Division of the Army Medical Library, Washington, D. C., of any numbers which may be available and franked labels for their transportation will be forwarded promptly.

- Acta Dermatologica. Kyoto, Japan  
v.1-8 v.32 #3-6  
v.23 #5-6, 1934
- Actualidad Medica Peruana. Revista Mensuel. Lima.  
v.1, 1935 v.5, 1939-40  
v.2, 1936 v.6, 1940-41  
v.3, 1937-38 #1-6, 9-12 v.7, 1941-42 #1-10  
v.4, 1938-39 #2 v.8, 1942-43 #4-9, 12
- Alabama Social Welfare. Montgomery, Alabama.  
v.1, 1936 #1-12 plus index  
v.2, 1937 #11, 12  
v.4, 1939 #11
- Allgemeine Aerztliche Zeitschrift fur Psychotherapie und Psychische Hygiene. Leipzig.  
v.1-2, 1928-29 (Becomes Zentralblatt fur psychotherapie und ihre grenzgebiete  
einschliesslich der medizinischen psychologie und psychischen  
hygiene.)
- American Ophthalmological Society. Transactions.  
v.1 (about 1876-1877) v.19, 1921  
v.2 (about 1878-1879)

---

CURRENT LIST OF MEDICAL LITERATURE is published weekly and lists of RECENT BOOK ACQUISITIONS are issued several times per year as supplements. The subscription price for both is \$5.00 per year in the United States and \$5.50 per year in other countries. The Recent Book Acquisitions may be obtained separately at \$1.00 per year. Address communications to:  
Medicofilm Service  
Army Medical Library,  
Washington, D.C.

## 5. Bacteriology; Parasitology

J. Bact., Balt., 1944, 48: (Nov.)

- HUNGATE, R. E. Studies on cellulose fermentation; the culture and physiology of an anaerobic cellulose-digesting bacterium. 499-515.
- GREISEN, E. C., & GUNSAIUS, I. C. An alcohol oxidation system in streptococci which functions without hydrogen peroxide accumulation. 515-25.
- WAKSMAN, S. A., & BUGIE, E. Chaetomin, a new antibiotic substance produced by *Chaetomium cochliodes*; formation and properties. 527-30.
- GEIGER, W. B., CONN, J. E., & WAKSMAN, S. A. Chaetomin, a new antibiotic substance produced by *Chaetomium cochliodes*; isolation and concentration. 531-6.
- FRAMPTON, V. L., & HILDEBRAND, E. M. Electrokinesis studies on *Erwinia amylovora* and *Phytophthora Stewartii* in relation to virulence. 537-45.
- DREA, W. F. Antibacterial effects of various organic substances upon the H37 strain of human tubercle bacilli in a simple synthetic medium. 547-53.
- CHAPMAN, G. H. The reliability of bromthymol-blue lactose agar and bacto phenol-red mannitol agar for the isolation of pathogenic staphylococci. 555-7.
- PEDERSON, C. S., & BAGG, J. V. The cause of variation in the relationship between titratable acidity and hydrogen ion concentration among lactic acid bacteria. 559-66.
- BARTHOLOMEW, J. W., & UMBREIT, W. W. Ribonucleic acid and the gram stain. 567-78.
- JORDAN, R. C., & JACOBS, S. E. The growth of bacteria with a constant food supply; preliminary observations on *Bacterium coli*. 579-98.
- ROSENBLATT, P., ALTURE-WERBER, E. /et al./ A method for the determination of penicillin levels in body fluids. 599-601.
- KIRBY, W.M.M., & RANTZ, L. A. Methods of measuring penicillin concentrations in body fluids. 603-8.
- MURROUGHS, A. L., & HOLDENRIED, R. Recovery of relapsing fever spirochetes from *Ornithodoros turicata* (Duges) 1876, in California. 609.
- GUNSAIUS, I. C., NIVEN, C. F., JR., & SHERMAN, J. M. The identification of *Streptococcus lactis* R as a strain of *Streptococcus faecalis*. 611.
- LAMBERTI, T., HUBBARD, R. S., & NETER, E. Effects of sulfonamides and azochloramid on hemolytic streptococci in artificial wounds of rabbits. 612.

## 6. Biology; Embryology

Biodynamica, Normandy, 1942-44, 4:

- LUTY, B. J., & GEHENIO, P. M. The problem of the response of mycetozoa to gravity. 1-32, incl. 3 pl.
- HODAPP, E. L. Some factors influencing sclerotization in mycetozoa. 33-46.
- BRUTNER, R., & BARNES, T. C. Electrical activity of acetylcholine, choline, epinephrine and benzedrine. 47-55.
- LEVITT, J., & NELSON, R. C. The relative resistance of morphologically different orange-peel cells to various injury factors. 57-64.

- CAMPBELL, J. D. Resistance of yeast to low temperatures. 65-70.
- BAUM, E. M. The resistance to low temperatures of a culture of *Saccharomyces cerevisiae* grown from a single cell. 71-4.
- VON BRAND, T., & MORRIS, J. A. Resistance of trophozoites and spores of *Nauploides gregarius* to low temperatures. 75-80.
- RAHN, O. The problem of the logarithmic order of death in bacteria; a critical discussion. 81-130.
- DUFRENOY, J. The distinction between ribose- and desoxyribose-nucleoproteins and its cytological implications. 131-52.
- CLARK, G. L., QUATRE, M. L., & BAYLOR, M. R. B. Electron microscope studies of proteins including some hemocyanins and nucleoproteins. 153-61.
- VON BRAND, T. The resistance of the trophozoites of *Nauploides gregarius* to anaerobic conditions. 163-5.
- LUTY, B. J., & SHELLEY, M. M. Survival of excised frog's muscle after desiccation. 167-70.
- DUFRENOY, J. Some physiological relations of virus-infected plant tissues. 171-84.
- VON BRAND, T. Occurrence of anaerobiosis among invertebrates. 185-328.

## 7. Bone; Joint; Extremities; Muscle

Bull. S. Francis Sanat., Roslyn, 1944, 1: No. 2

- OXYGEN therapy for rheumatic carditis. 1-4.
- BLOOD chemistry determinations in rheumatic children. 6.

## 10. Chemistry; Physics

Canad. J. Res., 1944, 22: Sect. B

- GALLAY, W., & PUDDINGTON, I. E. The recrystallization of calcium soaps in mineral oils. 173-81, pl.

Chemist Analyst, 1944, 33:

- FEIGL, F., & BRAILE, N. Applications of spot reactions; note on the identification of calcium sulfate. 76.
- SISTER M. MARTINETTE. Sulfamic acid as a protein precipitating reagent. 87.
- DUNBAR, R. E. Vacuum micro-desiccator. 89.

## 11. Dentistry; Stomatology

Bol. Esc. odont., Lima, 1939, 3:

- FALCONI, E. La unificación y reforma de la enseñanza odontológica en el continente. 433-43.
- PLAZA, F. L. Técnica de anestesia troncular del nervio maxilar superior. 444-52, en.
- SALAZAR, R. La construcción de dentaduras artificiales completas en la actualidad. 453-66.
- PLAZA, F. L. La anestesia local en la cirugía oral. 469-76.

Bol. Asoc. odont., Lima, 1940, 4:

- RAMOS D., M. El aluminio y su aplicacion a la protesis de dentaduras completas. 41-74.  
 INFORME de la Comision de odontologia preventiva en la infancia. 41-5.  
 BURBANK, J. D. La dietetica y los dientes. 89-97.

Dent. J. Australia, 1944, 16: (Oct.)

- CHRISTENSEN, G. Aviation dentistry; the relationship of eustachian stenosis to loss of vertical dimension. 341-57.

#### 14. Dietetics; Foods; Nutrition

Food Indust., 1944, 16:

- GUENTHER, E. Mandarin and tangerine oils. 979, 80.  
 GOTZ, M. New menu in England. 984.  
 STRACHAN, G. C., & EMBREE, J. J. Improved techniques for making gas-pack tests. 989.

#### 15. Digestive System

Am. J. Digest. Dis., 1944, 11: (Dec.)

- ROSENOW, E. C. Infectious gastro-enteritis; an epidemiologic and laboratory study. 381-91.  
 HEYD, C. G. Surgical treatment of hyperthyroidism in diabetes. 392-4.  
 SILBERT, S. Amputation below the knee for gangrene in the diabetic; preliminary report. 394-7.  
 JOSLIN, E. P. The medical pre and post operative treatment of surgical diabetes. 397.  
 MOORE, F. D. Experiences with penicillin in diabetic gangrene. 398.  
 BAUMAN, L. Hyperthyroidism complicated by diabetes. 399-401.  
 RIDGEMAN, A. B., SCHWARTZ, S. O. /et al./ Dietary factors in the treatment of cirrhosis without jaundice. 401-4.  
 FETTER, D. Studies of gastric secretion during electro shock therapy. 405.  
 —, & DE JONG, H. Effect of electric shock therapy on muscle movements. 406.

#### 17. Forensic Medicine; Toxicology

Rev. san. policia, Lima, 1944, 4:

- VARGAS LIENDO, C. Quistes aereos y vesiculas gigantes de enfisema pulmonar. 283-92.  
 VILA Y ACUNA, E. Metodos de eleccion en la moderna quimioterapia por los sulfamidos; sulfamidoterapia general; sulfamidoterapia local. 293-7.

#### 18. Genetics; Eugenics

J. Hered., 1944, 35: (Nov.)

- SLIZYNSKI, B. M. A revised map of salivary gland chromosome 4 of *Drosophila melanogaster*. 323, pl.

- SMITH, S. E. Another case of black-blue mosaic in the Dutch rabbit. 325.  
 RICEY, F. D. Maize hybrids susceptible to earworm; heritable differences in susceptibility of corn hybrids to early attack. 327.  
 SHULL, A. F. Inheritance in lady beetles; the spotless pattern and its modifiers in *Hippodamia convergens* and their frequency in several populations. 329-39.  
 SEIBERT, E. C., & STEGGERDA, M. Age and hair-form; change in size and shape of Maya head-hair with age. 345-7.

#### 22. Homeopathy; Osteopathy, &c.

Homeop. Rec., 1944-45, 60:

- MORGAN, F. B. Sensitization to foods and homeopathic prescribing. 140-6.

#### 23. Hospitals

Mod. Hosp., 1944, 63: No. 6

- WAGNON, H. The press is ready to help. 49.  
 Hospital Public relations/  
 ALLEN, W. M. In time of tragedy; Hartford Hospital's experience at the time of the circus fire. 60.  
 SHAW, C. E. W. And always there are burns; burning care of burn cases aboard the U. S. S. Solace. 74-8.  
 WHITCOMB, M. Cinderella kitchen; a postwar dream come true. 100-4.

#### 25. Industrial Hygiene; Sociology

Am. J. Sociol., 1944-45, 50: (Nov.)

- PARK, R. E. Missions and the modern world. 177-83.

Outlook for Blind, 1944, 38:

- JAMESON, W. A., JR. Old Farms Convalescent Hospital, where blinded soldiers come back. 271-5.  
 LEBMAN, A. The U.S.E.S. places the blind. 276-8.

Virginia Pub. Welf., 1944, 22: No. 7

- NUTRITION of low income rural and urban families: 1-5.

#### 27. Medicine

Acta med. orient., Jerusalem, 1944, 3: (May)

- PREUSS, S. About carcinoids. 69-80.  
 SADOWSKI, A., HEIFETZ, R. M. /et al./ Management of delivery in breech presentation. 81-5.  
 ISRAEL, E. Differences in blood pressure in both arms. 86-9.  
 MANDL, F. A critical review of the surgery of gastric and duodenal ulcers. 90-101.

Am. Rev. Soviet M., 1944-45, 2: (Oct.)

- YUDIN, S. S. Refrigeration anesthesia for amputations. 4-13.  
 FRUMKIN, A. P. Reconstruction of the male genitalia. 14-21, 4 pl.  
 SPERANSKY, A. D. Experimental and clinical lobar pneumonia. 22-7.  
 GINSBURG, E. M. Pathogenesis and treatment of lobar pneumonia. 28-36.  
 ASRATYAN, E. A. A new method for the treatment of traumatic shock. 37-43.  
 LURIA, A. R. Rehabilitation of the nervous system in war trauma. 44-52, pl.  
 FILATOV, V. P. Tissue therapy in ophthalmology. 53-66, 4 pl.  
 PRIOROV, N. N. Enlarged ocular prostheses and their use. 70.  
 GILLMAN, J., & GILLMAN, T. Speransky's analysis of the role of the nervous system in disease. 79-89.

Amatus Lusitanus, Lisb., 1944, 3: (June)

- PUIGVERT GORRO, A. Cirugía conservadora del riñón; nefrectomía parcial. 341-67, incl. 2 pl.  
 FREIRE DE ANDRADE, C. Quistos dermoides sacro-coccigeos; sua frecuencia e tratamento. 368-72.  
 CARRASCO, O. Participação da bainha folicular externa na disqueratinização epitelomatosa. 373-81, incl. pl.  
 SA PENELLA, & NORONHA, T. DE. Degenerescência carcinomatosa das cicatrizes. 382-8, incl. pl.  
 COMES DA COSTA, S. F. A glucoquinoterapia da diabetes. 389-98.  
 LOUREIRO, J. A. M. DE, & JANZ, G. J. Um meio de cultura para a conservação do Haemophilus pertussis na fase I. 399-401.

Antiseptic, Madras, 1944, 41: (Sept.)

- PATADIA, C. D. The clinical picture of diphtheria. 529-33.  
 ALLEN, F. R. W. K. Indian village obstetric emergencies; vomiting. 533-5.  
 HALEMANI, P. P. Treatment of strangulated hernias. 546-50.  
 CHATTERJEE, G. C. Is complete immunity attainable in convalescent exudative type of pulmonary phthisis? 550-4.  
 SOUZA, R. J. DE. The relations of a dentist with the client; psychology plays the main part. 554-7.  
 BHATNAGAR, J. S. A serious head injury with cerebral hernia; a case report. 557-60, pl.  
 GULATI, A. N. Is it Pott's disease? 560.  
 PLEURA, Empyema Diagn. diff./  
 RATH, P. C. Ascariasis lumbricoides (round worm). 561.  
 CHANDA, M. A case of typhus fever. 562.

Arch. Clin. med. E. Prado Tagle, Santiago (1940-43) 1944, 5:

- PRADO TAGLE, E., AVENDANO MONTT, O. /et al./ Colectistipatías litiasicas. 5-27.  
 /et al./ Síndromes diarreicas. 28-49.  
 EGANA, E. /et al./ Vitamina B1 (tiamina) y cardiopatías. 50-64.  
 AVENDANO, O. /et al./ Tumores malignos primitivos de la vesícula biliar. 65-82.
